

**VERIFICATION RESULTS OF FREE & REDUCED PRICE MEAL APPLICATIONS**  
**Montana Local Education Agencies (LEAs)**  
**School Year 2008-09**

The results of verification for school year 2008-09 in Montana are positive and indicate a good level of integrity in the administration of the School Nutrition Programs in Montana. Only 20 (8.97%) LEAs had less than 80% response rate from households selected for verification (meaning that more than 20% of the applicants selected for verification at their school did NOT respond). This is a slight increase from the previous year where 14 (6.17%) LEAs had less than 80% response rate, and only 4 were repeats from the previous year.

Of the 93.83% of households that responded, error (indicated by a change in meal benefits, either positive or negative) was found in 12.68% of applications. That means 77.05% of all applications verified in Montana during 2008-09 were correct at the time that they were turned in.

School districts will qualify for reduced verification requirements (i.e., same as current requirements) during the 2010-11 school year if they achieve a response rate of 80 percent or higher from households during the 2009-10 school year. *School districts are strongly encouraged to conduct aggressive follow-up to get 100 percent response rate during the fall 2009 verification process.*
